

2024

ANNUAL REPORT

INVESTING IN A BRIGHTER FUTURE TOGETHER

ABOUT US

Janus Henderson's mission is to help clients define and achieve superior financial outcomes through differentiated insights, disciplined investments, and world-class service.

We are ever mindful that our thinking and investments help shape the futures of over 60 million people*. Our diverse client base and robust balance sheet allow us to offer financial strength and stability to help investors achieve their objectives.

The human connection matters in all that we do. Teams across Janus Henderson come together every day to deliver outcomes for our clients—and their clients—that make a difference. We are proud of this responsibility as we fulfill our purpose of **"Investing in a brighter future together."**

* Figure reflects the estimated number of individuals as of year end 2023 where either their current assets or future benefits are invested in Janus Henderson investment products, and is based on Janus Henderson's assets under management (AUM) market share by country, the size of the investing population by country, and average account sizes, using industry and government data and internal estimates.

Business highlights

We demonstrated continued, clear progress across the business in 2024. Our ongoing strategic efforts and execution are manifesting in our results, with solid investment performance, a 13% year-over-year increase in AUM, positive net flows, meaningful improvements in operating results, and continued capital return to shareholders. Our teams have worked together to execute our strategy to Protect & Grow, Amplify, and Diversify our business, which is delivering growth across channels and regions. Acquisitions of NBK Capital Partners, Victory Park Capital, and Tabula Investment Management, as well as investments in our brand, technology, and people, underscore our commitment to continue to deliver for our clients, and their clients. As we move forward, our focus remains on positioning Janus Henderson to deliver superior outcomes for our clients, employees, shareholders, and other stakeholders.

Notes:

¹ Investment performance data represents percentage of AUM outperforming the relevant benchmark over three years. See page 5 for additional time periods. Full performance disclosures are detailed on the inside back cover.

² See adjusted financial measures reconciliation on Form 10-K (pages 31 to 32) for additional information.

³ Calculated as total flows divided by beginning of period AUM.

BUSINESS REVIEW

GROUP AT A GLANCE

Janus Henderson is an independent global asset manager offering a broad range of investment solutions across all major asset classes to a client base around the world.

Strategic vision

Protect & Grow

Our core businesses

We have identified existing opportunities to better align resources to protect and grow our core businesses.

Amplify

Strengths not fully leveraged

Our research, portfolio management, and client service strengths can be amplified with adjacent products, channels, geographies, and vehicles.

Diversify

Where clients give us the right to win

We have identified significant white spaces in asset management where we can have the right to win, whether that is by filling gaps in investment teams or capabilities, or within channels or regions.

Purpose

Investing in a brighter future together.

Mission

We help clients define and achieve superior financial outcomes through differentiated insights, disciplined investments, and world-class service.

Values

Clients Come
First — Always

Execution
Supersedes
Intention

Together
We Win

Diversity
Improves
Results

Truth Builds
Trust

Our People

Diversity Improves Results is embedded as a core value in our Mission, Values and Purpose and is a guiding principle towards creating an inclusive environment that promotes true meritocracy, cultural awareness and respect. For many years, we have believed that organizations, and the clients they serve, benefit greatly from a diversity of viewpoints, experiences and backgrounds. That diversity of thought leads to better business decision making for our clients and their clients. We believe that diversification of viewpoints among our people is just as important as diversification within our investment portfolios and helps to produce the best results, outcomes and service for our global client base.

Employee Compensation and Benefits

Our compensation framework is designed to recognize great work and reinforce the alignment of interests among our employees, clients and shareholders. We regularly review industry benchmark data and maintain competitive compensation levels to ensure we are able to attract and retain top talent. Variable incentive compensation for most of our employees is funded based on JHG profits. While individual awards are fully discretionary, performance assessments take into account financial and strategic (non-financial) factors, including company, department, team and individual performance.

The ongoing health and well-being of our employees is important to us, and we offer a wide array of benefits, resources and tools to help our employees and their families to live healthy, balanced and happy lifestyles. We support our employees' financial goals and retirement saving by making contributions toward their retirement and pension plans and offering an employee stock purchase plan.

Turnover

We monitor and analyze turnover, including voluntary, involuntary and reduction in force ("RIF")/layoffs. Our voluntary turnover rates are consistent with a certain benchmark for our industry. We develop talent profiles and succession plans to ensure we are cultivating the next generation of leaders to contribute to our long-term business success. These provide us with the ability to effectively manage turnover and to retain and develop our most highly skilled employees.

Intellectual Property

We have used, registered and/or applied to register certain trademarks, service marks and trade names to distinguish our sponsored investment products and services from those of our competitors in the jurisdictions in which we operate, including the U.S., the UK, the European Union ("EU"), Australia, China, Japan and Singapore. These trademarks, service marks and trade names are important to us and, accordingly, we actively enforce our trademarks, service marks and trade name rights. Our brand has been, and continues to be, extremely well-received both in the asset management industry and with clients.

Seasonality

Our revenue streams are not seasonal in nature, with management fees and other income generally accruing evenly throughout the year. However, performance fee revenue is the exception. Performance fees are specified in certain fund and client contracts and are based on investment performance either on an absolute basis or compared to an established index over a specified period of time. These fees are often subject to a high-water mark ("HWM"). Performance fees are recognized at the end of the contractual period (typically monthly, quarterly or annually) if the stated performance criteria are achieved. Certain fund and client contracts allow for negative performance fees where there is underperformance against the relevant index. Given the uncertain nature of performance fees, they tend to fluctuate from period to period.

Competition

The investment management industry is relatively mature and saturated with competitors that provide similar services. As such, we encounter significant competition in all areas of our business. We compete with other investment managers, mutual fund advisers, brokerage and investment banking firms, insurance companies, hedge funds, venture capitalists, banks and other financial institutions, many of which have proprietary access to certain distribution channels and are larger, have greater capital resources and have a broader range of product choices and investment capabilities than we do. In addition, the marketplace for investment products is rapidly changing, investors are becoming more sophisticated, the demand for and access to investment advice and information are becoming more widespread, passive investment strategies are more prevalent, and more investors are demanding investment vehicles that are customized to their individual requirements.

We believe our ability to successfully compete in the investment management industry depends upon our ability to achieve consistently strong investment performance, provide exceptional client service, and develop and innovate products that will best serve our clients.

Regulation

The investment management industry is subject to extensive federal, state and international laws and regulations intended to benefit and protect investment advisory clients and investors in pooled investment vehicles, such as those managed, advised or subadvised by us. The costs of complying with such laws and regulations have grown significantly in recent years and may continue to grow in the future, which could significantly increase our costs of doing business as a global asset manager. These laws and regulations generally grant supervisory agencies broad administrative powers, including the power to limit or restrict the conduct of businesses and to impose sanctions for failure to comply with laws and regulations. Possible consequences for failure to comply include voiding of investment advisory and subadvisory agreements, suspension of individual employees (particularly investment management and sales personnel), limitations on engaging in certain lines of business for specified periods of time, revocation of registrations, disgorgement of profits, and imposition of censures and fines. Further, failure to comply with such laws and regulations may provide the basis for civil litigation that may also result in significant costs and reputational harm to us.

International Regulation

UK

The Financial Conduct Authority (“FCA”) regulates certain of our subsidiaries, as well as products and services we offer and manage in the UK. The FCA’s powers are derived from the Financial Services and Markets Act 2000 (“FSMA”), and FCA authorization is required to conduct any investment management business in the UK under the FSMA. The FCA’s Handbook of Rules and Guidance governs UK-authorized firms’ capital resources requirements, senior management arrangements, systems and controls, conduct of business and interaction with clients and the markets. The FCA also regulates the design and manufacture of UK-domiciled investment funds intended for public distribution and, on a more limited basis, those that are for investment by professional investors.

Europe

Certain of our UK-regulated entities previously (until December 31, 2020) had to comply with a range of EU regulatory measures and are required to comply with EU law, which was transposed into UK legislation under the European Union (Withdrawal) Act of 2018 (“EUWA”). These measures include the Markets in Financial Instruments Directive (“MiFID II”). MiFID II regulates the provision of investment services and the conduct of investment activities throughout the European Economic Area (“EEA”), and the UK version of MiFID II (implemented through UK primary and secondary legislation under the EUWA and FCA rules) regulates the provision of similar services in the UK. MiFID II establishes detailed requirements for the governance, organization and conduct of business of investment firms and regulated markets. It also includes pre- and post-trade transparency requirements for equity markets and extensive transaction reporting requirements.

The EU’s Alternative Investment Fund Managers Directive (“AIFMD”) was transposed into EU member state law. AIFMD regulates managers of, and service providers to, alternative investment funds (“AIFs”) that are domiciled and offered in the EU and that are not authorized as retail funds under the UCITS directive discussed below. The AIFMD also regulates the marketing within the EU of all AIFs, including those domiciled outside the EU. Compliance with the AIFMD’s requirements may restrict AIF marketing and imposes compliance obligations in the form of remuneration policies; capital requirements; reporting requirements; leverage oversight; valuation; reporting stakes in EU companies; the domicile, duties and liability of custodians; and liquidity management. The UK has adopted the AIFMD rules principally via secondary legislation FCA rules.

UCITS are investment funds regulated at the EU level under the UCITS Directive V. UCITS are capable of being freely marketed throughout the EU on the basis of a single authorization in a member state — so-called passporting. UCITS covers a range of matters relating to UCITS, including the fund structure and domicile of UCITS, service providers to UCITS and marketing arrangements. In addition, UCITS funds are distributed in other jurisdictions outside the EU where marketing and sales are governed by local country-specific regulations. The UK has adopted the UCITS rules through the framework of secondary legislation and FCA rules, although UCITS established in the UK cannot benefit from the passporting arrangement described below.

Following the UK’s withdrawal from the EU (“Brexit”) on January 31, 2020, the UK and the EU entered into a transition period (“Transition Period”) during which directly effective EU law continued to apply in the UK, and the UK continued to be treated as a member state of the EU. The Transition Period ended on December 31, 2020, and since then, directly effective EU law is no longer applicable in the UK, although the UK has retained certain EU legislation governing financial services under the EUWA. One of the effects of the end of the Transition Period (irrespective of the retention of EU law under the EUWA) is that financial services firms authorized in the UK lost their passporting rights. “Passporting” is an arrangement under which firms authorized in an EU member state (or a non-EU state that is an EEA member) can rely on authorization in their “home” EEA member state to provide regulated services throughout the EEA. Because UK-authorized firms can no longer passport their services throughout the EEA, the extent to which UK-authorized firms can continue to provide services to customers in the EEA will now be dependent on regulatory requirements and regulators’ expectations in the individual EEA member states in which the UK-authorized firm wishes to provide services. Discussions between the EU and UK regarding equivalence of the EU and UK regulatory frameworks are ongoing. The way in which UK firms provide services in EEA member states may change depending on the outcome of these discussions.

Luxembourg

In Luxembourg, our subsidiary, Janus Henderson Investors Europe S.A. (“JHIESA”), is authorized and regulated by the Commission de Surveillance du Secteur Financier as a UCITS management company, with additional regulatory permissions to provide portfolio management services regulated under MiFID II. JHIESA has established six branches: Italy (Milan), Germany (Frankfurt), Spain (Madrid), France (Paris), the Netherlands (Amsterdam) and Denmark (Copenhagen). The main objective of these branches is the distribution of JHG products within the EU. Since September 2022, the Danish branch has also made use of JHIESA’s extended portfolio management permissions under MiFID II. JHIESA has been appointed management company of the following funds and fund structures:

- Two UCITS umbrella funds, incorporated under the laws of Luxembourg in the form of a SICAV;
- One UCITS umbrella fund, incorporated under the laws of Ireland in the form of an umbrella investment company with segregated liability between funds with variable capital; and
- One AIF umbrella fund, incorporated under the laws of Ireland in the form of an open-ended unit trust.

GOVERNANCE

BOARD OF DIRECTORS

The Board comprises a Non-Executive Chair, one Executive Director, and nine other Non-Executive Directors.

John Cassaday

Chair

Brian Baldwin

Independent Non-Executive Director

Kalpana Desai

Independent Non-Executive Director; Governance and Nominations Committee Chair

Ali Dibadj

Chief Executive Officer and Executive Director

Kevin Dolan

Independent Non-Executive Director

Eugene Flood Jr.

Independent Non-Executive Director; Risk Committee Chair

Josh Frank

Independent Non-Executive Director

Alison Quirk

Independent Non-Executive Director; Human Capital and Compensation Committee Chair

Leslie F. Seidman

Independent Non-Executive Director; Audit Committee Chair

Angela Seymour-Jackson

Independent Non-Executive Director

Anne Sheehan

Independent Non-Executive Director

Full biographies of the Directors are set out on pages 16 to 26 of the Company's 2025 Proxy Statement under the heading "Board Nominee Biographies."

Revenue

	Year ended December 31,			2024 vs. 2023	2023 vs. 2022
	2024	2023	2022		
Revenue (in millions):					
Management fees	\$ 1,957.7	\$ 1,700.1	\$ 1,799.4	15%	(6)%
Performance fees	70.4	5.1	(10.7)	n/m*	n/m*
Shareowner servicing fees	240.7	213.3	224.0	13%	(5)%
Other revenue	204.4	183.3	190.9	12%	(4)%
Total revenue	<u>\$ 2,473.2</u>	<u>\$ 2,101.8</u>	<u>\$ 2,203.6</u>	18%	(5)%

* n/m - Not meaningful.

Management fees

Management fees increased \$257.6 million during the year ended December 31, 2024, compared to the year ended December 31, 2023, primarily due to an improvement in average AUM.

Management fees decreased \$99.3 million during the year ended December 31, 2023, compared to the year ended December 31, 2022, primarily due to a decline in average AUM.

Average net management fee margins, by capability, consisted of the following for the years ended December 31, 2024, 2023 and 2022:

	Year ended December 31,			2024 vs. 2023	2023 vs. 2022
	2024	2023	2022		
Average net management fee margin (bps)⁽¹⁾:					
Equities	53.7	54.4	55.2	(1)%	(1)%
Fixed Income	26.2	27.8	29.6	(6)%	(6)%
Multi-Asset	53.2	52.9	53.1	1%	(0)%
Alternatives	75.6	61.9	60.4	22%	2%
Quantitative Equities ⁽²⁾	—	—	15.8	n/m*	(100)%
Total average	48.6	48.9	48.9	(1)%	—%

(1) Net management fee margins are based on management fees net of distribution expenses.

(2) On March 31, 2022, we completed the sale of our 97%-owned Quantitative Equities subsidiary, Intech.

* n/m - Not meaningful.

Performance fees

Performance fees are derived across a number of product ranges. U.S. mutual fund performance fees are recognized on a monthly basis, while all other performance fees are recognized on a quarterly or annual basis. The investment management fee paid by each U.S. mutual fund subject to a performance fee is the base management fee plus or minus a performance fee adjustment, as determined by the relative investment performance of the fund, over a 36-month rolling period, compared to a specified benchmark index. Performance fees by product type consisted of the following for the years ended December 31, 2024, 2023 and 2022:

	Year ended December 31,			2024 vs. 2023	2023 vs. 2022
	2024	2023	2022		
Performance fees (in millions):					
SICAVs	\$ 26.3	\$ 2.1	\$ 2.0	n/m*	5%
UK OEICs and unit trusts	6.2	—	0.1	—%	(100)%
Absolute return funds and other funds	70.8	56.9	33.5	24%	70%
Segregated mandates	4.9	3.1	10.0	58%	(69)%
Investment trusts	0.7	9.1	6.7	(92)%	36%
Private capital funds	1.0	—	—	—%	—%
U.S. mutual funds	(39.5)	(66.1)	(63.0)	40%	(5)%
Total performance fees	<u>\$ 70.4</u>	<u>\$ 5.1</u>	<u>\$ (10.7)</u>	n/m*	n/m*

* n/m - Not meaningful.

For the year ended December 31, 2024, performance fees increased \$65.3 million compared to the year ended December 31, 2023, due to an improvement in the performance of U.S. mutual funds, SICAVs and absolute return funds and other funds.

For the year ended December 31, 2023, performance fees increased \$15.8 million compared to the year ended December 31, 2022, due to an improvement in the performance of absolute return funds and other funds primarily driven by performance fees generated from a certain fund. This increase was partially offset by a decline in segregated mandates due to the relative performance of certain funds being below the established HWM.
